

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE TARIFF FILING OF MIKE LITTLE)	
GAS COMPANY, INC. TO ADJUST VOLUME)	
USED BY EACH CUSTOMER BY THE)	CASE NO. 90-289
AVERAGE AMBIENT TEMPERATURE)	

O R D E R

IT IS ORDERED that Mike Little Gas Company, Inc. ("Mike Little") shall file the original and seven copies of the following information with the Commission no later than 10 days from the date of this Order, with a copy to all parties of record. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the witness who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible. Where information requested herein has been provided along with the original application, in the format requested herein, reference may be made to the specific location of said information in responding to this information request. When applicable, the information requested herein should be provided for total company operations and jurisdictional operations, separately.

If the information cannot be provided by this date, you should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission.

1. Tabulate the high, low, and average monthly ambient temperature for 1989 in Floyd County or in a nearby county.

2. Provide the following information regarding Mike Little's pipelines:

a. Length, diameter, material and depth buried underground.

b. Average temperature downstream of the master meter(s) for each month of 1989.

c. Average length, diameter, and material of the exposed service line from ground level to the customer's meter.

d. The average monthly consumption of Mike Little's customers.

3. Provide any information available to Mike Little regarding the soil temperature at the depth of Mike Little's mains.

4. Provide a worksheet or any studies showing the relationship between the average ambient temperature and gas temperature at customer's meter.

Done at Frankfort, Kentucky, this 28th day of November, 1990.
